Scorpion fans I would like to give a brief update on the Turf Project to which many of you have generously donated.

As you will recall from our last update, we had all the approvals necessary to move forward however a judge in Fresno decided to halt all Lease/Lease Back projects in public schools in the state of California. Districts all across the state including our own and many non-profit organizations, like SABC, use Lease/Lease Back to save substantial costs in labor. This ruling is still currently under appeal. But this decision meant that we needed to go back to square one and that the costs for the Turf would be significantly higher. It is estimated that the project will now cost about \$1.1 Million.

Our Scorpion Athletic Booster Club is working closely with the Oxnard Union High School District to get this project done. Assistant Superintendent Dickinson and I have held numerous meetings in the Community working to build a Coalition to get the turf project completed. We have met with Camrosa Water District, Calleguas Water District, Hellas Turf, Ohno Construction, Camarillo Hotel and Tourism Association, Camarillo Chamber of Commerce, CSUCI and the City of Camarillo. Our goal is to create a model that can then be used by the other schools in the district to get their fields completed as well.

This process is in the early stages but we are excited about the progress we are making and the time, energy and support that the High School District is giving us.

We do have good news to announce and that is that at the Board Meeting June 8<sup>th</sup> the District dedicated \$300,000.00 to replace the Track surface at Camarillo High. As you know this was part of our fundraising agenda and the track was in bad need of repair/replacement. This is a great step forward for our facilities. We can also inform you that the District is also installing new sod for the upcoming Football season. We are hopeful that with your continued support and with the support from the Coalition that we can raise the funds necessary and complete the Turf as well.

Please stay tuned for me information. If you would like to discuss further or want to help make this project a reality please contact me at [bill.locker@sagenetcom.com](mailto:bill.locker@sagenetcom.com).

Sincerely,

Bill Locker  
President

Board of Directors: Sandy Kling, Jeff Hahn, Rick Covey, Marty Marietta, Cindy Muscarella, Julie Daily, Alice Amerault
